HI THERE!

I'm Melissa, aesthetic nurse injector for West Magnolia Plastic Surgery. I have practiced nursing for over 18 years, with 10 years of aesthetic injecting experience. I love being an aesthetic nurse because it allows me to help people feel more confident in their own skin and address their concerns about how they look and feel from the outside in. I am passionate about educating my patients and providing them with the information they need to make the best decisions regarding their treatment plan.

I specialize in cosmetic injections such as Dysport®, lips, chin, temple & cheek augmentation, jawline contouring, volume replacement, & cellulite injections.

Melissa Nolte Enos

Aesthetic Nurse Injector

— FULL FACE/ NECK & BODY CONSULTATIONS

— AESTHETIC INJECTABLES

— **Dysport** Neurotoxin - AbobotulinumtoxinA \$55/ Injection

- Dysport is a natural-looking, fast-acting, long-lasting prescription injection proven to help smooth moderate to severe frown lines between the eyebrows—without changing the look or movement of the rest of your face.
- Dysport treats :
 - Forehead: 3 - 7 Injections
 - Glabella: 1 - 3 Injections
 - Crow's Feet: 2 - 3 injections/ each side
- Retreat every 2 - 3 months

— **Restylane** Dermal Filler - Hyaluronic acid \$600 - \$725/ Syringe

- Restylane family fillers can plump lips, restore volume in cheeks, jawline, & hands. Products include:
 - Restylane - \$600/ syringe
 - Restylane Silk - \$600 / syringe
 - Restylane Refyne - \$650 / syringe
 - Restylane Defyne - \$650/ syringe
 - Restylane Lyft - \$650/ syringe
 - Restylane Contour - \$725/ syringe
 - Restylane Kysse - \$725/ syringe
- Patients receive 1 - 6 syringes on average
- Retreat every 6 - 18 months

— INJECTABLES CONTINUED

— **Sculptra** Dermal Filler - Poly-L-lactic acid \$900/ Vial

- Sculptra stimulates collagen growth in your skin to give it more volume in your face or on other parts of your body.
- Requires 1 - 2 treatments (2 vials per treatment)
- Retreat every 2 years

— **QWO** Treatment for Cellulite \$2500/ 3 Treatments

Qwo (collagenase clostridium histolyticum-aes, Endo Aesthetics) is the first FDA-approved drug device for cellulite treatment in women. It is a solution of liquid collagenase, an enzyme that breaks down and remodels collagen, a key protein in fibrous bands that creates cellulite dimples. It is FDA-approved in adult women for the treatment of moderate to severe cellulite dimples of the buttocks. **Requires consultation.**
